The Point Guard Basketball Camp was created in response to the need for a high-level “skill camp” that specializes in position play and the skills necessary to be successful. This camp provides a unique opportunity to learn specific elements of "the point guard" and "the post player" play in basketball. Our experienced staff of proven professionals will provide expert instruction and feedback.

What does a player need have for experience?

Each player receives a **tremendous** daily workout specific to their position played. The outstanding facilities and low player-to-coach ratio allows each player to grow their individual game. We offer a series of drills that develop each player’s level of ability. This is a *skill* camp that is well- known for the positive instruction. Every player must have a basketball for the camp. Please bring your own well-marked ball or purchase a camp basketball.

Feedback?

Players will receive a great deal of feedback on their game including a camper evaluation on their skills and attitude. The Point Guard & Post Player camp is a very active camp for the motivated player interesting in raising their overall skill, preparation and knowledge of the game of basketball.

Competition:

Players will be put in a variety of scrimmaging drills as we progress through the camp. We value competition in the camp and will create opportunities for players to utilize the skills, concepts and knowledge necessary to become the best player they can be.

Why the Point Guard & Post Player name?

This camp offers the most information and feedback about how to be a point guard or post player. We take pride in challenging each player to be the best they can be. Our coaches have extensive backgrounds with basketball instruction, especially, teaching play at the point and in the paint.

Do I have to be a Point Guard to attend the camp?

NO. We welcome the serious player intent on improving their game. This camp instructs every position on the floor but primarily serves point guards and paint players. The balance of the camp is dedicated to these positions.

Does a player have to be experienced to attend the camp?

NO. The player needs to be a motivated camper looking to improve his or her skill, knowledge and appreciation for the game of basketball. Players come from all over the country with all levels of ability to attend this camp. This is an active camp with campers utilizing a basketball throughout the entire length of the camp.
