**2018 Specialty Basketball Camp staff**

The Specialty Basketball Camp was created in response to the need for a more disciplined learning program in the New England area. This camp is an intense session of teaching and practicing the game of basketball. Our camp emphasizes skills, preparation, and traditional aspects with our Positive Teaching Style. Our experienced instructors will build on each player's foundation of knowledge and skill and while introducing our Advanced Skills and Techniques to play the game.

Every camp that Coach Paul Hogan directs are positive, well organized and very detailed. Coaches and counselors work hard to provide quality instruction for every camper. The expectation also includes coaches and counselors always dressing the part of “coach.”

**Why the Specialty Camp?**

This camp is specifically designed to provide a better opportunity to enhance skills for the seriously motivated player looking to improve his/her basketball skill and preparation.

**What can a player expect?**

A challenging experience designed to improve a player’s skill and exposure to high level and advanced skills while having fun. Campers need a basketball every day. Please bring your own well-marked basketball or purchase one of our camp balls. We utilize basketballs at every drill station every day.

Gym time! Lots of gym time and practice opportunities. Our typical camp day is longer than most camps offering intensity, skill instruction, advanced instruction, motivation and the preparation to assist players with taking the next step in their overall game.

Games! Every player is put on an age appropriate and skill level team that will play 2 games per day. Monday through Thursday, one game in the morning is played and one game in the afternoon. The Specialty Camp utilizes 3 different basic age groups for dividing the players up with their skill and physical abilities.

- Medicine for campers can be left with the athletic trainer for distribution for the intended camper with clear instructions. This should be arranged during the check-in time on Sunday.
- Campers should have proper footwear for camp. The number one issue with campers is proper footwear resulting in blisters thus impacting the camp experience.
- The second major issue at camp is poor nutrition and hydration. Campers need to hydrate before, during and after camp. Water and Powerade are suggested.
- Campers should arrive at camp prepared for a busy and rigorous camp experience.

- Our camp policy is for campers not to have or carry around any money. The camp is not responsible for camper's belongings, monies or cell phones.

## **Supervision**

All campers are supervised throughout the day at camp. This is an active camp from the very beginning to the very end with constant practice and time spent in the gym.

## **Night Session**

The night session is from 6:15 PM to 8:30 PM in the gym. The session will work on skill development, small sided games, contests and competition. The night session is fun with plenty of action. The session ends at 8:30 PM nightly followed by 30 minutes of open gym with the gym closing at 9 PM. Extended and overnight campers participate in the night session.

## **Staff**

Coach Hogan brings in his top staff for the Specialty Camp every summer. The staff is comprised of veteran coaches, teachers and college counselors who work regularly for Coach Hogan every summer.

## **Overnight information:**

Overnight campers in the Residence Hall are supervised by our staff and the entrance doors to the Residence Halls are locked nightly. Lights out ranges from 10 PM – 10:15 PM for all campers. The night session ends at 8:30 PM and campers have the option to return to the dorm at this time or stay in the gym for extra practice, shooting or help-sessions with a coach until 9 PM.

Overnight campers should bring linens, pillow, blankets, fan, clock, toiletries and plenty of clothing options and sneakers.

Rooming options are mostly doubles with a few triples available upon request. Campers must agree to be roommates. Assignments are done for any of the overnight camps (Pt. Guard & Specialty) near the start of the camp to allow for camper requests. We will do our best to match up similar age or grade campers.

Coaches and staff are in the dorm including Coach Hogan. Overnight female campers and staff are on one floor, male campers and staff are on a different floor with Coach Hogan on the bottom floor along with other staff members. Bed checks are done nightly.

All doors to the dorm are locked and campers are in for the night with supervision from the camp staff and NHTI security available 24 hours on the campus. For more information, contact Camp Director Paul Hogan at [paul@hogancamps.com](mailto:paul@hogancamps.com)
