

## Dear Basketball Enthusiast,

The Paul Hogan Basketball Camp will provide a unique opportunity to learn specific skills for “point guard” and “post player” play in basketball. Our dedicated and experienced staff of basketball professionals will provide expert instruction and feedback.

### Background

Each player will receive a rigorous daily workout specific to their position. The outstanding facilities at NHTI and low player-to-coach ratio will allow each player to “develop their individual skills.” We will offer a series of drills that will develop each player’s level of ability.

### Why the Point Guard Name?

To offer the most information and feedback about how to be a point guard, we will instruct and challenge each player to “become the best” they can be. Our coaches have an extensive background with basketball especially point guards and post play.

### Will other positions be taught at camp?

We will instruct every position on the floor. However, we will focus on point guards and post players with more time dedicated to these areas and the skills necessary to be successful.

### Do I have to be a Point Guard to attend?

No. This is a skills camp that will help every player with their overall game and elevate their skill level.

### Meals & Options
